Elmer Walter's comedy company, presenting "Where is Cobb?" arrived in the city today and will entertain this evening at the Auditorium.

A fellow who had been imbibing too frequently of the fop that intoxicates was taken in this forenoon by the police officers and given a berth in the city jail.

Paul Boche, a young man 18 years of age, living southeast of the city, fell from a load of hay this morning and broke his arm. He was brought to the city where he secured the services of a surgeon.

Mrs. Jos. Schwartz, Mrs. Henry Heckman, T. E. Moolick and Martin Kane have returned from Colfax county, where they went as witnesses in the bigamy case of Frank Heckman. It is stated that, owing to a technicality, the case was dismissed.

Conductor Speese of the Union Pacific appeared before police court this morning, pleaded guilty to violating the ordinance in regard to blocking the streets and paid his fine, which with the costs, amounted to \$7.15. Conductor Thos. Fay, arrested on a similar offense, has not yet settled with the court.

C. E. Patrick, a respected citizen of Pierce, was found dead in his repair shop in that city yesterday morning by Justice C. F. McDonald. The cause of his death was heart failure. He was 70 years of age and a native of Virginia. He leaves a wife and three children. He was a confederate veteran and served under General Robert E. Lee.

In order to facilitate telephone service the Telephone company has placed Norfolk on a direct line with Omaha, so that hereafter there will be no delay in reaching that city. Heretofore it has been necessary to call several intermediate stations and have the call repeated to Omaha. A like arrangement

is under contemplation on the Sioux City business.

Rev. S. F. Sharpless received word today that his daughter, Mrs. Jack Koenigstein, who submitted to an operation on Tuesday at the Mary Thompson hospital in Chicago, performed by the eminent surgeon Dr. Byron Robinson, withstood the operation successfully and is getting along very nicely. If she continues to improve as she has done so far, her husband, who is with her, will be home some time next week.

Rev. Herbert E. Ryder, the minister who is to take the pastorate of the Norfolk Baptist church, arrived in the city last evening from New York, accompanied by his brother, Harry. Regular services will therefore be held in the Baptist church, Sunday at 10:45 a. m. and 7:30 in the evening, and each Sunday thereafter. Mr. Ryder bears a very gentlemanly appearance and the work of the church in Norfolk will no doubt be benefited by his labors.

Wayne Republican: A Madison county farmer named Ohlson loaded hogs into his wagon on a side hill during the recent slippery time. The wagon, hogs, horses and man got to sliding towards the foot of the hill and never stopped until a fence was reached, and then the wagon, man and hogs all upset in a heap and when an invoice of injuries was taken the man was the only one knocked out and he found himself pretty badly used up.

A leading physician recommends that considerable distress might be averted if people generally and children in particular would submit to vaccination as a preventative of small pox. The disease is quite prevalent in many sections of the state and, while Norfolk has been fortunate in escaping, thus far, it is perhaps only a question of time when it will make its appearance here. On the theory that "an ounce of prevention is worth a pound of cure," the doctor's advice is well timed.

The Wayne Republican has it that there are 80 per cent less cattle in Madison county feed lots this year than last. It is not known where the Republican got its information or misinformation. The feed lots around Norfolk do not show that decrease. While it is generally believed that cattle are scarce this year in all parts of the country it is likely that Madison county will take care of its full share. A recent "invoice" of 400 head from Idaho indicates that it will. With its sheep industry and prosperous cereal mills this county does not have as much surplus feed as other counties and it is probable that it ships out less than any county in the state where similar conditions prevail.

The osteopaths at Fremont have decided to continue the practice of their profession in spite of the recent decision of the supreme court. It is claimed by members of this school that their course is just as thorough, with the exception of materia medica, as that of any other school. They further claim that they do not pretend to practice medicine but effect their cures in other ways. They also claim to use in their practice more constantly what they learn through physiology and anatomy than does a regular old school physician unless he also practices surgery. The osteopaths are confident of fair treatment by the law finally. It is said that 12 states of the union have decided that their treatment is not medicinal and that therefore they are not subject to the regulations of medicinal laws.

## FREE Handsome Holiday Spoon

The cut shows an elegant Coffee Spoon that is level in design and sure to please. On the front appears the open fireplace and a stocking, without which no Christmas is complete. The tray loaded with good things is distinctly seen above the narrow part of the handle, on which appears in plain letters the words "Merry Christmas."

In the gold bowl we see old Santa Claus with his flowing locks and his grey beard, swinging his whip threateningly over the back of his fleet reindeer. Altogether it is a most pleasing picture and proper emblem of Merry Christmas.

On the back of the handle are the glad bells which "ring out the old and ring in the new," and underneath old Father Time with his cruel scythe, "Happy New Year" completes the decoration on the back of the handle.

Altogether it is a most beautiful article suitable for a holiday present for one's self or a friend. The collection of handsome spoons has assumed in many localities the proportion of a huge fad and this spoon is good enough to place beside any of them.

This spoon is the most suitable Christmas gift you could make to ladies, Sunday school children, or children in the public or day schools; church fairs often use several hundred of them.

## OUR GREAT OFFER.

Notwithstanding the fact that the spoons are of superior quality and fine finish, by making arrangements with the manufacturer to use a large quantity, we get them at a figure that will enable us to make you a Christmas present of one FREE if you buy Three Dollars worth of goods or more at our store before December 31st. Remember the place.
